

Financial Navigators for Cancer Services

Navigating the financial aspects of a cancer diagnosis can be overwhelming. Oncology financial navigators are available to provide information and support to help you navigate the billing process before, during and after treatment.

How oncology financial navigators can benefit you:

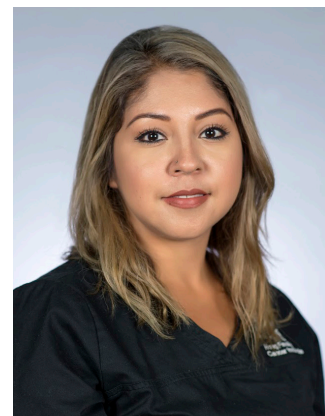

- Verify insurance eligibility/coverage
- Provide patient's share of cost
- Provide cash estimate
- Provide options for financial assistance
- Provide assistance in understanding insurance coverage
- Understanding your bills

This service is complimentary for Hoag oncology patients.
