The Mary & Dick Allen Diabetes Center provides comprehensive services for both adults and children with diabetes and offers clinical, educational and support services designed to meet the needs of patients with diabetes and their families. Endocrine consultation services are available upon request.

Specialty programs include medical nutrition therapy, ADA accredited diabetes self-management education, "Sweet Success" for pregnant women with diabetes and diabetes prevention for those at increased risk.

## FREE RESOURCES FOR THE COMMUNITY

### Peer Support Groups

Groups are offered for young adults with type 1 (quarterly) and individuals with type 2 (monthly). The groups provide support, connection and tools for people living with diabetes.

### Sweet Life

Free cooking demonstrations focused on healthy cooking and nutrition management for those with diabetes. Registration is required.

### Herbert Family Program

The program focuses on the needs of emerging adults with type 1 diabetes (ages 18-30). It addresses the financial, psychological, social and physical aspects of T1D that challenge the patient and their support network.
